

Name: \_\_\_\_\_ Period \_\_\_\_\_ Date: \_\_\_\_\_

Project ONE

Rubric: Due \_\_\_\_ SELF PORTRAIT - THINK CONTRAST!!!

Transfer your portrait onto a 5x7 tag board

Draw lightly- grid, diagonals, or triangles

On approx half of your shapes use colored pencils

On the remainder use reg pencil

Create a frame that complements the portrait

Create a background or use the one from the photograph, however use markers to color it.

Cut the shapes apart then rearrange like a puzzle

You may use magazines and drawings to create a background

You may alter your portrait as you transfer as well

Materials: \_\_\_\_\_

Rationale: What is your focal point and why?

What are you contrasting and why? Consider your portrait *and* your background

How do you see yourself?

What do you hope the viewer thinks about your portrait; not likes and dislikes, but what do you want them to see about your **character**?

What aspects will you control about your self portrait and why? Conversely, what will you show little care, why?

Sketch your idea for the portrait, background, and frame on the back
